

Inclement Weather Policy

The Adventure Park is open, rain or shine. However, in the event of thunderstorms or dangerous high winds, we may close the courses temporarily until the weather clears. Sometimes, the weather is more than a passing storm, and the park is closed for the day. When situations like this happen, we are more than willing to offer the following accommodations when acts of Mother Nature cause us to close the park:

Receive a weather voucher toward your next visit:

- If you have 60 min. (1 hour) or more left on your ticket, you will receive a voucher for one full admission for your next visit.
- If you have less than 60 min. (1 hour) left on your ticket, you will receive a voucher for a half-price (50% off) admission for your next visit.

OR

You may also decide to wait out the weather; however, harnesses may not be available after the weather clears. Therefore, the voucher is your best option. **The vouchers ARE VALID FOR TWO YEARS FROM THE DATE OF ISSUE.**

You will use your voucher's special code to make your next climbing reservation by visiting www.heritageadventurepark.com and using the Reserve Now button.

We appreciate your understanding, and hope to see you In The Trees again soon!
