

A School Field Trip With A Difference

2018 School Group Rates

Fun & Learning Combined

When teens or kids go for a climb through the trees and zip lines at The Adventure Park—sure—they're having the time of their lives. But they are also learning about themselves and the world around them. It's amazing how having so much fun can be so educational as well. The Adventure Park is good for mind and body!

Advanced reservations should be made **three weeks in advance** in order to receive group rates. Group rates are available in the morning hours only. Please call the office to book your visit. A \$150 non-refundable deposit is required when making a group reservation. Full payment is due three weeks before your visit. Cancellations made less than 10 days prior are not eligible for a refund, however groups will have the option of rescheduling their group for a later date. The Adventure Park is open rain or shine. You must have your final headcount at the time of final payment. Availability is not guaranteed for additional climbers on the the day of the climb. See below for group rates:

All Peak Season Groups (July 1 - September 3): \$38/climber

Off Peak Schools/Scouts/Youth/Military Groups:

for 10-40 climbers: \$29/climber

for 41-60 climbers: \$26/climber

for 61+ climbers: \$23/climber

Want to add on a visit to Heritage Museums & Gardens too?

Self Guided Museum Tour: \$5/student

Guided Museum Tour: \$7/student

Amazing Place Challenge: \$9/student

We also offer one free chaperone ticket for every 10 paid climbers! Additional chaperones are charged at the same group rate as students.

More info about The Amazing Place Challenges!

Heritage Museums & Gardens offers two unique educational programs that are designed to pair perfectly with a climb at The Adventure Park.

The Amazing Place Leadership Challenge

Participants will compete as they move through a series of tasks designed to explore the elements of leadership, including problem-solving, decision making, and group dynamics. Activities including a trust walk, a scavenger hunt, a game of giant Jenga, and a team tarp flip encourage active participation, verbal and non-verbal communication, listening skills, trust building, collaboration, and teamwork. Students process the experience through observation and reflection questions, helping to hone leadership skills that will serve them now and into the future.

The Amazing Place Forest Challenge

During this competition, participants will focus on developing and sharpening scientific observation skills. Accomplishing a series of tasks related to forest ecosystems and physics will help students to explore real-world applications of science in a fun and exciting way. Activities include creating a living food web, conducting a forest assessment, exploring friction, gravity, and other principles used while climbing, and more.

Both Amazing Place Challenges are taught by Heritage Museum Instructors and meet state curriculum requirements. They can be booked by contacting The Adventure Park at 508-866-0199 and are offered at the group rate of \$9 per student.
